

Possible Temporary Office Closure Due to Hurricane Warning

As Tropical Storm Erika approaches Miami, it seems likely that it will increase in strength and be upgraded to a Hurricane by August 31st. If so, a Hurricane Warning may be issued for Miami around August 29th. In this event, our office building will be closed on Monday, August 31st, and the Consulate General of Japan in Miami will need to close accordingly. However, if only a Tropical Storm Warning is issued, our office will remain open.

We apologize for the inconvenience.
